Report on Chapter activities

I'm going to write it in LaTeX!

Date: 22.11.2025

Attendance: 37 online

The Chapter organized a one-day online workshop focused on LaTeX typesetting and its use in writing mathematical texts, particularly bachelor theses and lab reports. Held via Overleaf and structured into three 90-minute sessions on a Saturday, the workshop covered LaTeX basics and concluded with an introduction to the official Faculty thesis template. This is one of our classic events with consistently high attendance, and we strongly recommend continuing it in future years.
